Other Business

a) Arena Slab Project Update – CAO

CAO Marc Fortais provided a general update to discuss some of the challenges faced with the slab replacement which included:

- Eight feet of frost when the old slab was removed, resulted in additional costs and time to remove as quickly as possible so as to not hold up construction.
- Damaged curbs around the entire exterior wall footprint, requiring additional rebar repair and concrete repair.
- Removal of additional concrete perimeter slabs along the entire south side of the arena under players benches, penalty box and timekeeper's box
- Contaminated Soil disposal from leaking glycol from damaged cooling lines under the slab.

Administration has managed despite these setbacks, to keep the project on budget. It is looking like final numbers will result in a \$30,000 overage in a 1.35-million-dollar project.

In addition, some time has been lost in schedule in dealing with the unforeseen items listed above and it is anticipated the rink will be open by early to mid November, which is 1 to 1.5 months behind schedule from the original project completion date of September 30, 2025.

No Motion Was Made regarding this update.

Break

Motion 148/2025 Moved by Councillor Hansen, "THAT Mayor and Council takes a 15-minute recess at 7:55pm."

Carried

Mayor Rathjen called the meeting back in session at 8:14pm

Town of Bentley Library Board Appointments

LEGISLATIVE REQUIREMENT/AUTHORITY

- Libraries Act, Revised Statutes of Alberta 2000, Chapter L-11, Current as of May 16, 2024.
- Bylaw 123/2008 – Bentley Municipal Library Board Bylaw
- Bylaw 222/2020 – Bentley Municipal Library Board Bylaw Amendment

SUMMARY AND BACKGROUND

The Bentley Library has been in the community since 1949. Its first space was in the Bentley School with the library collection being supplied by volunteers. The first official Board Members were selected in 1949 as well!

In 1972 a fire destroyed the entire collection, and in 1977 a new library was opened at the Bentley Village Office on main street. The Bentley Municipal Library was formed in 1980, which made the library eligible for an annual provincial grant. Funding also came from the Village of Bentley, Parkland Regional Library, the Royal Purple, Bentley Kinsmen and Bentley Lions.

In 1981. The village office moved with the library accompanying it to their new space on main street, and in 1991 the Village Council and Library Board relocated the library to its current location at 5014 49th Ave. The Bentley Municipal Library officially opened June 16, 1991. Over the years, the library has continued to grow, hosting programs, acquiring new equipment and technology and in 2012 the library had a major renovation.

The Bentley Municipal Library is not just about books, there are DVD's, computers and printing services, cake pans, physical literacy (children's games, yard games, sports equipment), Wii gaming systems and games, graphic novels. They even run a Mini Libraries program from May to September in our local area campgrounds and summer villages.

Libraries Act Requirements for Appointments

Members

- 4(1) A municipal library board shall consist of not fewer than 5 and not more than 10 members appointed by the council of the municipality
- (2) A person who is an employee of a municipality library board is not eligible to be a member of that board

- (3) Not more than 2 members of the council of the municipality may be members of the municipal library board at the same time.
- (4) A member of a municipal library board is eligible to be reappointed for only 2 additional consecutive terms of office, unless at least 2/3 of the whole council of the municipality passes a resolution stating that the member may be appointed as a member for more than 2 consecutive terms
- (5) Appointments to a municipal library board shall be for a term of up to 3 years.
- (6) Notwithstanding subsection (5), the term of office of a member continues until a successor is appointed or the member is reappointed in accordance with subsection (4)
- (7) Any vacancy on a municipal library board that reduces or will reduce the number of members of the board to a number less than 5 shall be filled by the council of the municipality as soon as reasonably possible.

Town of Bentley Library Board AGM

The Town of Bentley Library Board AGM was held on Wednesday June 11, 2025, and was attended by members forming a quorum. The board called for nominations to fill the following roles:

1. Chairperson
2. Deputy Chairperson
3. Treasurer
4. Recording Secretary
5. 2 Directors

In addition, the Town of Bentley assigned a municipal representative from Council at the annual Town of Bentley organizational meeting and Councillor Hansen is currently assigned to this role.

At the AGM the following nominations were made and approved by the Bentley Library Board, and now need to be considered by Town of Bentley Mayor and Council for official appointment:

Agenda Date: September 9, 2025
Agenda Item: Lot Sales Sunset Heights:
4814 55th Ave (Lot 3, Block 2, Plan 1521374)

ADMINISTRATIVE RECOMMENDATION

THAT Mayor and Council approve the sale of 4814 55th Ave (Lot 3, Block 2, Plan 1521374) located in the Town of Bentley within the Sunset Heights Subdivision, to Billex Enterprises Ltd., in the amount of \$49,900 (plus applicable GST) subject to the terms and conditions as outlined in **(Attachment #1)**

SUMMARY & BACKGROUND

The Sunset Heights Subdivision (formerly known as New Beginnings) was established in 2014 through the creation of the Summersault Area Structure Plan (passed through Bylaw 178/2014 and approved August 19, 2014). In August of 2018, a foreclosure order was granted on the property and in 2018 the Town of Bentley acquired the land through the issuance of borrowing bylaw 207/2018. Servicing of the subdivision was initially completed throughout 2019 and 2020 based on the original configuration of the lots. In March of 2020 Mayor and Council approved Bylaw 216/2020 to create general architectural standards to ensure that future development within the subdivision would require to be constructed in a way that contributes to an attractive and aesthetically pleasing appearance along the public street. Beginning in 2021 administration revisited the subdivision and Mayor and Council supported a reconfiguration of the lots to Single Family Dwelling Lots as shown in **(Attachment #2)**. All subdivision services were consolidated to support the re-design, and the work was completed in January of 2023. In April of 2023, the name of the subdivision was officially changed from New Beginnings to Sunset Heights based on a public survey that took place to determine a new name that aligned with a new future.

Since April of 2023, the Town of Bentley was actively marketing the properties through realtor Dale Russell of REMAX, social media and through an advertising campaign with Black Press Media. Three lots were sold by Mr. Russell with closing dates of May 2024, July 2024, and August 2024.

Mayor and Council reviewed the activity regarding lot sales since 2023, and decided they wished to hire a new realtor in an attempt to gain new market attention and traction. As a result, Jacquie Fletcher from Royal LePage Sylvan Lake was hired at the end of the 1st quarter of 2024, to begin a new marketing campaign for the Lots. There has and still is substantial interest in the subdivision and Jacquie has received many inquiries, some low offers for the lots **(which were not accepted)**.

To date the following lots have been sold:

• Lot 39, Block 1, Plan 2320333	5516 48A St	Under consideration by Council

To date we have sold 3 lots in 2024 and 6 lots so far in 2025. An additional lot which does not formally close until 2026. As well as the 3 lots currently under consideration by council at this September 9, 2025, regular council meeting. If all of these close that will mean 13 lots have sold in the last couple of years.

It should be noted that 3 houses have been fully built and two more are currently under construction, with more to follow. This will result in additional tax base expansion for the Town of Bentley in 2026 and beyond.

Administration has fully executed a Sale Agreement with Billex Enterprises Ltd, conditional on Council Approval of the sale and in accordance with the Chief Administrative Officer Bylaw.

Council approval is required to finalize the disposal of a fee simple interest in land at market value.

ADMINISTRATIVE RECOMMENDATION

THAT Mayor and Council approve the sale of 5603 48A Street Close (Lot 47, Block 1, Plan 2320333) located in the Town of Bentley within the Sunset Heights Subdivision, to Billex Enterprises Ltd., in the amount of \$56,900 (plus applicable GST) subject to the terms and conditions as outlined in **(Attachment #1)**

SUMMARY & BACKGROUND

The Sunset Heights Subdivision (formerly known as New Beginnings) was established in 2014 through the creation of the Summersault Area Structure Plan (passed through Bylaw 178/2014 and approved August 19, 2014). In August of 2018, a foreclosure order was granted on the property and in 2018 the Town of Bentley acquired the land through the issuance of borrowing bylaw 207/2018. Servicing of the subdivision was initially completed throughout 2019 and 2020 based on the original configuration of the lots. Review Strategic Plan and Advocacy

Strategic Plan

Background

Bentley Community Strategic Plan

Date of Plan Approval: July 9, 2024, Council Meeting - Motion 154/2024

Time Frame of Plan: 2024 - 2028

Key Concepts of the Plan:

- **Shared vision that represents elected officials, municipal employees, and community members. (community driven plan)**
- **Actions can be prioritized annually with budget cycle and can be easily measured to understand performance**
- **Plan evolved from a thorough review of key planning documents, a community survey and a public information session which was used to gather community perspective to develop the plan**

Council Workshops/Strategic Planning

- **April 17, 2024**, Community Survey posted regarding the development of a strategic plan. Survey remained open until April 26, 2024. 138 responses received.
- **May 1, 2024**, strategic planning session held with Mayor and Council and facilitated by Parkland Community Planning Services to review survey response feedback and establish long term goals and objectives.
- **June 19, 2024**, Mayor and Council along with administration hosted a public information session and engagement to share initial thoughts, goals and objectives for the new strategic plan. Members of the community that attended shared further feedback to shape a long-term vision for the community.
- **July 9, 2024**, final version of the Bentley Strategic Plan presented to council and was approved unanimously through motion 154/2024
- **After July 9, 2024** - Quarterly of status of goals and objectives and progress towards completion. This happens each year to ensure we stay on track.

Background

Bentley Community Strategic Plan

Vision:

The Town of Bentley is a community offering a high quality of life, that is safe, clean, attractive, affordable and family oriented. Bentley celebrates community spirit where citizens are actively involved in shaping the future of the community as ***“The Place to Be.”***

Our Core Values

Community Centric: We prioritize the needs and desires of our residents

Collaboration: We work together with various stakeholders to achieve our goals

Inclusivity: We aim for equitable access and diverse opportunities for everyone

Mission:

“The Town of Bentley is committed to delivering excellence every day through the provision of cost-effective services that enhance the quality of life for all citizens within the community. We are committed to open communication and dialogue with all residents that we serve to ensure that we understand and deliver optimal services.”

Background

Bentley Community Strategic Plan

Goals of the Strategic Plan

- **Improve Quality of Life to Encourage Development and Population Growth**
- **Attract Businesses, Developers and Investors**
- **Develop Recreation Facilities for Youth**
- **Manage Existing Assets and Save for the Future**
- **Build Relationships with Other Levels of Government**
- **Maintain Sustainable Growth Through Development Policies and Regulations**

Advocacy Update and Discussion 2025 (2nd Quarter)

2025 Advocacy Update

■ Financial Support Federal Government

- Arena Slab Replacement & Ice Plant Replacement – **Ice Plant completed all inspections finalized, Arena Slab in progress (funded via support from Lacombe County – No Federal Support, utilizing Provincial funding from LGFF and CCBF to complete the project)**
- Arena Slab scheduled to be completed and first ice by November 15, 2025
- No additional financial support beyond Lacombe county and LGFF and CCBF funding. Will pursue advertising revenue in future to support reserve establishment for long term maintenance and or new facility in the future.

■ Sustainable long-term funding – Canada Community Building Fund (formerly Gas Tax) & Local Government Fiscal Framework (formerly MSI)

- CCBF and LGFF (amounts are higher than previous years) utilizing to fund arena project
- Allocation formulas are important and the LGFF Fund beginning in 2024 is still 30% lower than the previous 12-year average of MSI
- Council should continue to discuss long term capital funding needs of Bentley and provide support to Alberta Municipalities
 - Asset Management will be the tool to showcase Bentley's long-term infrastructure needs (Phase I – water infrastructure complete, Phase II wastewater, roads and streets, stormwater and sidewalks completed) Phase III buildings remaining
 - Asset Management is a key component of AB municipalities proposed funding formula
 - Need to complete phase III for building infrastructure

■ Minister Responsible on Provincial Level – Minister of Municipal Affairs – Currently Minister Dan Williams

2025 Advocacy Update

- **Rural Crime and RCMP vs Provincial Policing (Minister Responsible – Minister of Public Safety and Emergency Services) – Currently Minister Mike Ellis**
 - Continued push by Provincial Government to explore replacing RCMP with Alberta Police Force
 - **Council Member or several Council Members should be tasked to research and follow this initiative and report back to council**
 - **Meetings with both Lacombe Enforcement and RCMP occurred in 1st quarter 2025**
- **Funding for Provincial Health Care**
 - **Ministers Responsible:**
 - **Minister Adriana LaGrange – Primary and Preventative Health Services**
 - **Minister Matt Jones – Hospital and Surgical Health Services**
 - **Minister Rick Wilson – Mental Health and Addiction**
 - **Minister Jason Nixon – Assisted Living and Social Services along with continuing care**
 - **Dr attraction and retention – Bentley Care Centre, Nurse Practitioners is this an option for Bentley?**
 - The conversations with Blaine and Jason discussed the funding models for NP's
 - Continued lobbying to re-establish a Doctors Office in Bentley
 - Initial meeting 2023 Q1 held with Dr. Mulholland to discuss options regarding Dr recruitment
 - Council discussed this at length at the beginning of Q2 2023, although it is a desire to re-establish in Bentley, the likelihood is slim, unless a doctor wishes to operate out of Bentley.
 - Continue dialogue with Main Street Medical but advocacy to AHS will cease based on council direction
- **Meeting with Susan Samson regarding support from Bentley for the Sylvan Lake and Area Health Foundation. Ms. Samson presented to council at the March 26, 2024, Regular Meeting. Mayor and Council approved motion to support the foundation at the April 9, 2024, Regular Meeting**

2025 Advocacy Update

- Negotiations with County and through IDP/ICF Committee. extensive engagements and 2nd round held in June 2023
- Annexation will need to be approved by Provincial Authority
- ASP went back to Committee on September 15, 2023, and was approved
- November 23, 2023, Lacombe County Reeve and Council gave 3rd reading to adopt the Southeast Bentley Area Structure Plan
- February 1, 2024, committee meeting to discuss next steps for continued engagement, and draft of the annexation report.
- Early March mailout of notice of intent to annex lands to impacted landowners and stakeholders approved by council Feb 27, 2024
- March 8, 2024, media release for annexation issued to Lacombe Express, Rimbey Review, Red Deer Advocate, Red Deer News, Sylvan Lake News, Sunny 94/Golden West Radio
- March 11, 2024, committee meeting to finalize public engagement and boards for public meeting
- Advertisement throughout early April in Rimbey Review, Lacombe Express, Neighborhood notes- regarding public meeting on April 18, 2024
- April 18, 2024, meeting with landowner for potentially annexed lands
- April 18, 2024, public information session and engagement at BVAC for annexation
- May 1, 2024, public survey closed for annexation
- Annexation Report to be reviewed by Town of Bentley and Lacombe County Joint Committee on May 28, 2024, for next steps
- June 11, 2024, Mayor and Council approved submission of Annexation Application to Land and Property Rights Tribunal for consideration
- August 15, 2024, Public Hearing on Annexation with the Land and Property Rights Tribunal
- **Annexation approved by order in council 360/2024 December 4, 2024**
- **Updates to Land Use Bylaw in accordance with Annexation Approval and zoning underway will be brought to council later in 2025, information session with the public on September 11, 2025, regarding Area Structure Plan**

2025 Advocacy Update

2025 Advocacy (other):

- Gull Lake Trail System – request sent to Lacombe County to be kept informed regarding the development of the trails system.
 - Alignment for trail has been confirmed through Summer Village of Gull Lake to Aspen Beach Provincial Park as well as a good portion of it in the County on the east side of the lake. Plan should be considered by County Council late fall or early winter. Construction anticipated to start in 2026.
- Review of proposed twinning of hwy 20 to come to CAO from Alberta Transportation CAO is a part of technical review committee
 - Continue to lobby the Alberta Government regarding active transportation options and trail connection between sylvan lake and Bentley when the highway is twinned. It was stated in the last meeting of technical review committee: that pathway was provided as a visual representation only. Was discussed that the pathway is not part of the functional planning study and will ultimately need to be handled by respective government agencies outside of TEC's corridor for future planning/implementation. It was noted that a consistent message from all parties involved would be best.
- All members of council sit on committees as approved through 2025 Organizational Meeting and influence the work being done throughout the region
- Lacombe County completed work for Bentley Sports field complex, significant in-kind support was provided by county due to lobbying efforts with the county. They also provided funding the Arena Slab.
- All members of council to attend AM Conference again this year and will be joined by CAO for Town of Bentley.
- Email sent to Minister Wilson of Indigenous Affairs to seek funding for Traditional Land Use Study – Medicine Hills, still waiting for an update as sent a follow up email. Have heard nothing back. Followed up again on September 4, 2025, to ask whom the new contact should be as this is now handled by **Minister Rajan Sawhney Minister of Indigenous Relations**.
- Council participating in Mid Sized Towns Mayor's Caucus – to support lobbying efforts of mid-sized towns
- Council participating in Red Deer River Watershed Alliance regarding concerns related to Gull Lake and other watershed issues. Mayor Rathjen, continues to attend these meetings as they relate to Gull Lake.

2025 Advocacy

2025 Advocacy:

- Mayor and Council to **advocate to the Province for funding for Dick Damron Drive rehabilitation project** and major improvements to our sewer infrastructure main within this corridor as this is a costly project.
 - Challenge is provincial gov't announced new infrastructure grant at end of 2024 Local Growth and Sustainability Grant – but only municipalities with over 10,000 and fewer than 200,000 could apply for the grant – no additional grant funding for small municipalities?
 - Mayor and Council should discuss the need to rehab our sewer main and dick Damron drive at a price tag of around \$5,900,000 – should lobby the minister for funding to support this project **(which can also be phased)**
 - **Minister Responsible: Minister of Municipal Affairs – Dan Williams**

Key Points

- Key points, Bentley is Growing – house sales, building permit stats, business attraction prove this. We have sold 9 lots since 2024 and we have another 3 being considered by council at this September 9, 2025, regular council meeting.
 - Infrastructure replacement along 50th Street – Dick Damron Drive will replace the Town's Sewer Main and revitalize streetscape, where we have already invested \$1.4million for a new arena slab and another \$850,000 for a new ice plant. This is a hub of activity with Farmers Market, Rodeo, and our Arena.
 - We can continue to look to increase business attraction, through the eventual relocation of Public Works outside of the Downtown Core on Town Lands at the end of 50th Ave, which will lead to further development potential at existing public works site.
 - Failure of a sewer main is high risk to the community and replacement of this infrastructure (some of the oldest in Bentley) mitigates that risk, enhances walkability and improves streetscaping for investment attraction, opens up the possibility for further commercial investment while we wait for the ASP area to gain traction. Also supports full build out of the sunset heights ASP.
- Meetings should continue with Alberta Transportation to fund pavement replacement of bike path and long-term maintenance
 - Why does Town of Bentley continue to be responsible for this bike path?
 - It is in the Provincial Road Right of Way and is there property.
 - **Suggest a follow up meeting with Alberta Transportation or with the (Minister of Transportation and Economic Corridors – Devin Dreeshen)**
 - Funding for Traditional Land Use Study – Medicine Lodge Ski Hill **(Minister Rajan Sawhney - Minister of Indigenous Relations)**
 - Encourage the Provincial Government regarding the development of an affordable housing project near the new soccer field. **Minister of Assisted Living and Social Services – Jason Nixon**

2025 to 2027 2nd Quarter Projection Update

Three-year operating budget estimate based on information known at the time of preparation Revenue

- **Revenue** estimates are conservative to ensure the budgets are achievable (**where possible grants are sought to help funding**)
- Property Tax Rates will increase by 2.44% average for 2025 (this is split 1.79% residential tax increase and 5.58% increase in commercial tax base – this is the first increase in 4 years) and , 1% 2026, 1% 2027 this will help to offset more than 15.62% CPI index increases on all goods in Alberta over the last 5 years (2020 = 1.8%, 2021=1.2%, 2022=3.2%, 2023=6.5%, 2024=2.92%) Slight change in rates in 2nd quarter because of last minute assessment change received after 1st quarter report prepared.
- Utilities Rates have been determined based on a full analysis of costs and what is needed for cost recovery and to establish long term reserve balances to support capital infrastructure replacement.
- Utility Rates for water will now charge based on water used, there is no free amount of water received for the base charge, cost recovery is based on partially a fixed base charge and a per cubic meter charge for all water used (rates are calculated based on revenue needed to be generated based on average utilization of water per household) (**Delays in legal review prevented increases for the first two billing cycles in 2025 and this has been reflected in the 2ndnd quarter projection**)
 - this rate structure will promote conservation as higher water users will pay based on their higher usage, the previous structure of offering 27m3 for the base charge, resulted in almost no revenue generated as average water usage per 2 months was less than 27m3 so no consumption was billed.
 - they have also been compared to other rates in central Alberta (Lacombe, Blackfalds, Rimbey, Sylvan Lake, Bowden, Innisfail, High River, Nanton, Ponoka) where the average bill:
 - based on 1m3 per day would be \$417.99 every 2 months (this includes water, sewer, storm sewer and garbage collection)
 - based on .5m3 per day would be \$263.23 every 2 months (this includes water, sewer, storm sewer and garbage collection)
 - With the proposed rate structure, the average residential bill based on 1m3 per day water usage will be approximately
 - 2025 \$186.76 per residential customer per 2 months
 - 2026 \$193.25 per residential customer per 2 months
 - 2027 \$194.49 per residential customer per 2 months
 - This is a change from the current average in Bentley of \$161.34 (in addition metered rates will drop from \$1.16 per cubic metre to \$1.01 in 2025 and then go to \$1.20 in 2026 and 2027)

2025 to 2027 2nd Quarter Projection Update

Expenditure

- Inflationary increase of 2.5% per annum has been applied where appropriate throughout budget
- Salaries and wages have been shown with 2.5% CPI index increases per annum to follow anticipated inflation. It should also be noted that in comparison to other expenditure including capital they represent only 19% of the total expenses in 2025 (if capital is removed and we look at true operating expenditure wages represent 32.10% which is below the average wages for municipal employees of 37.0% Fraser institute study 2020)
- There is a line item included in the 2025 to 2027 budget summary for capital each year
 - These amounts are typically funded via Government Grants, Franchise Fees or other Government Transfers on the revenue side of the budget
 - Capital for 2025 is funded 68.01% by grants and 31.99% municipal funds
 - 2025 budget is skewed on revenue and expenditure side in comparison to other years due to two major capital projects (1 for arena slab and one for Bentley Recreational Fields)
- Other Transfers on the expenditure side reflect contributions to reserves to establish long term reserves for the community. Minimal reserve balances have been established in the past, this new strategy to collect additional funds through utility rate increases and slight tax increases will set Bentley up long term for success and future capital replacement.
 - Town of Bentley is also entering into a contract with Baytex Energy to explore the sale of effluent from the lagoons at \$1.00 per cubic meter. This has the potential to result in up to \$180,000 per year from the sale of \$180,000 cubic metres per annum beginning in 2025 (this has not been included in budget estimates as Baytex has indicated they will not utilize the water this year. Future cashflow can be used to fund major projects like Dick Damron Drive Sewer Main Replacement and Streetscaping (more than a \$5,000,000 project). If the effluent is sold in a particular year, the funds will be placed directly in reserves.

2025 Goals and Accomplishments Status Update

3. Develop Recreational Facilities For Youth

➤ *Provide a variety of recreational facilities and programs that meet the needs of young people and foster a sense of belonging, promotion of physical activity and encouraging positive social interactions*

- **Action: Complete the Arena Slab Replacement (Q3 Completion) – Delayed due to frost, soil contamination and curb repairs will be completed November 15, 2025, first ice**
 - Leveraging grant funding from Lacombe County (if successful) the project began in March 2025. This is a 1.35-million-dollar project that will replace the entire arena slab, boards and glass and improve drainage underneath the slab.
 - procurement completed and contract awarded – slab has been removed, design is completed, earth excavation completed, geotechnical analysis and drainage system designed. Soil contamination and pit run contamination testing completed, and disposal arranged at an industrial landfill.
 - we encountered 8 ft of frost, and lost time to thaw, this has been completed
 - additional delays for curb repairs which are completed
 - **Total lost time about 2 months, anticipate completion of slab and skateable ice by November 15, 2025, as we make up time**
- **Action: Construct a new soccer complex that has 4 fields and a 6-lane running track (Q3 Completion) – On Schedule**
 - Construct a large field facility with 2 large fields, two small fields, parking, and roadway as well as 6 lane running track
 - project will again be funded via grants, donations and in-kind support
 - project to seeding of fields, all rough and final earthworks completed, installation of cable fencing, parking, signage etc.
 - Contractor needs to establish grass and provide 90% weed fee for performance standard
- **Action: Explore additional youth programming that can be added under the Community Services Banner (Q4)**
 - Engage the youth to better understand the recreation opportunities that they would like to see in the community
 - Connect with the Bentley School to see about joint initiatives that can be undertaken, partnership to provide home alone and babysitting course in Bentley School.

2025 Goals and Accomplishments Status Update

3. Develop Recreational Facilities For Youth

- *Provide a variety of recreational facilities and programs that meet the needs of young people and foster a sense of belonging, promotion of physical activity and encouraging positive social interactions*

- **Action: Continue to revisit Oxford Park**

- Mural will be placed within the Park in 2025 in early spring (mural was commissioned in 2024) **(Q2 – Completed)**
- Revisit the Park design with Mayor and Council to determine when in the Capital Plan it should be added back to finish the park amenity space. **(Q4)**

- **Action: Develop Scope of Work to hire consultant to develop a Town of Bentley Recreation Master Plan (Q4)**

- Master Plan can be done in 2026, scope of work to be completed by end of Q4 2025

- **Provide funding for Recreation, Cultural and Tourism Grant Applications (Q1 - Completed)**

- Budgeted \$50,000 in funding to support applications from non-profit organizations and groups to build additional capacity to support programming for youth and other community members
- \$47,950 has been committed in funding including a contingency fund of \$18,500 to Bentley Community Hall regarding their stair project.

2025 Goals and Accomplishments Status Update

3. Develop Recreational Facilities For Youth

- *Provide a variety of recreational facilities and programs that meet the needs of young people and foster a sense of belonging, promotion of physical activity and encouraging positive social interactions*

- **Action: Continue to work with Minor Ball (Q2 – Completed backstop replacements)**

- 1st backstop chain link replaced at the end of 2024 (**Completed**)
- 2nd backstop chain link will be replaced by Q2 2025 (**Completed**)
- These projects are being funded via the operating budget, working in collaboration with Bentley Minor Ball
- Parks Supervisor/Safety Officer continues to interface and work with Minor Ball

2025 Goals and Accomplishments Status Update

4. Manage Existing Asset and Save for the Future

- *Effective Asset Management ensures that existing facilities are well maintained and sustainable, while also planning for future needs. This goal addresses optimizing asset management and reducing maintenance costs to ensure a stable financial foundation for Bentley.*

- **Action: Complete the Utilities Bylaw (Completed)**

- Substantial work completed in 2024 in relation to Utility Bylaw (**Was to be completed in Q1 but was delayed due to legal review taking longer than anticipated complete Q2**) – **Bylaw 252-2025 Utility Bylaw Town of Bentley Approved May 27, 2025**
- includes new rate structure, billing structure, revamp of the entire bylaw, consolidation of water, sewer and garbage bylaw, new language around storm sewers
- includes comparison to other communities and contracting out garbage collection as well as transitioning to allow Circular Materials to take over recycling.
- Rate structure will result in the establishment of reserves for Water, Wastewater and Stormwater
- Users will pay based on fixed portion charges and consumption charges, no free amount of water as water costs money to produce. Is a user pay system that will encourage conservation. However, will continue to be some of the lowest cost water in Central Alberta.

- **Action: Phase 3 of Asset Management Vertical Assets (Q4) – Will be pushed to 2026 due to time constraints, audit, budget, election.**

- Two phases of Asset Management are completed, need to complete the assessment of all town owned assets, will most likely include additional facilities such as The Bentley Community Hall, Blindman Valley Agricultural Society, Bentley Museum and Bentley Library. These will be in addition to facilities such as Town Office, Parks Building (old firehall), New Firehall, Public Works Shop and Detached metal storage shop, Public Works salt shed, Campground Bathroom, Arena and Curling Club, Water Treatment Plan pumphouse, injector building

2025 Goals and Accomplishments Status Update

4. Manage Existing Asset and Save for the Future

- ▶ *Effective Asset Management ensures that existing facilities are well maintained and sustainable, while also planning for future needs. This goal addresses optimizing asset management and reducing maintenance costs to ensure a stable financial foundation for Bentley.*

- **Action: Contract out residential garbage (Q2 – Delayed to Q3 now completed)**

- *This goal is intended to create a policy framework and regulatory environment that supports Bentley's long-term growth while maintaining a balance with community values and sustainability. Key reviews of Land Use Bylaw, and Statutory Plans (IDP, MDP and ASP's)*

- **Action: Adopt Bentley specific ASP now that annexation is approved (Q4) (Underway and on schedule)**
 - facilitate and encourage new development in the Bentley Southeast ASP by adopting the Bentley Southeast ASP for Bentley. To date the work completed adopted the ASP in Lacombe County, once the annexation is approved by the minister, Town of Bentley will need to formally adopt the ASP. There may be some minor revisions to language to create specific districts and zoning requirements that specifically support commercial and industrial expansion for Bentley.
- **Action: Land Use Bylaw Completion (Q1) & (Additional amendment Q4 will be tied to ASP completion)**
 - comprehensive Land Use Bylaw re-write is 98% completed final adoption **(Q1) (Completed)**
 - public information session was hosted October 9, 2024
 - 1st reading of they bylaw will be done at the beginning of 2025, and a public hearing will be scheduled for an additional opportunity for members of the public to provide feedback.
 - Once the annexation for the Bentley Southeast ASP is approved, the LUB will need to be amended again to incorporate any potential new districts that will be created when the Town of Bentley specifically adopts the ASP for the annexed lands. (This will be completed by **(Q4)**)

2025 Goals and Accomplishments Status Update

6. Manage Sustainable Growth through Development Policies and Regulations

- *This goal is intended to create a policy framework and regulatory environment that supports Bentley's long-term growth while maintaining a balance with community values and sustainability. Key reviews of Land Use Bylaw, and Statutory Plans (IDP, MDP and ASP's)*

Revenue Increases totalling \$447,854 - from 2025 Prelim Budget to 2025 2nd Qtr Projection

► Other Revenue – increase of \$27,202 (Cont'd)

- increase in administrative budget of \$100 due to:
 - \$150 increase for employee purchases through town goods and supplies (this is reimbursed by employee)
 - Offset by a decrease of \$50 in fireworks donations
- \$15,751 increase in fire fighting and protective services due to:
 - \$4,161 increase for reimbursement by county for overcharge in 2024 (fire fighting fees)
 - \$11,440 increase for cost recovery from house fire on 50th
 - \$150 increase due to misc. reimbursement of shipping costs paid by the town for delivery for the fire department
- \$39,950 increase in garbage collection and disposal budget due to sale of garbage truck and recycling bins at depot as a result of contracting out garbage and EPR take over of recycling.
- \$98.70 increase in library budget due to refund of ADT security fees paid – cancelled and went to new security system provider
- \$28,697 decrease in parks and playgrounds budget due to:
 - \$29,197 decrease in in-kind support from Lacombe County for soccer field construction – came in under budget(project originally budgeted for \$360,197 in support but actuals costs were \$331,000)
 - Offset by an increase of \$500 in Sani dump revenue projected to year end

SUMMARY OF 2025 BUDGET REVENUE INCREASES/DECREASES

Revenue Increases totalling \$447,854 - from 2025 Prelim Budget to 2025 2nd Qtr Projection

► Other Transfers – increase of \$59,128

- increase of \$22,128 in parks budget due to:
 - \$9,316 related to missed reserve transfer required to fund mural project approved in 2024 but not completed until 2025
 - \$12,812 for higher revenue remaining in soccer field donation at the end of 2024 as less work completed by year end than anticipated. Spent less in 2024 but results in those costs in 2025. Therefore, utilize revenue from donation in 2025
- Increase of \$65,000 for payment of phase II asset management, **Stantec did not issue the invoice for the project in 2024, received late in 2025.** Therefore, pull surplus funds from 2024 where this was budgeted and pay for in 2025 with those reserve funds. Was missed at year end and as we did not have the invoice, and we had confirmed with Stantec that we had been billed for everything in 2024 at year end, so they missed as well.
- This is offset by a \$28,000 decrease in reserve transfer revenue as we had projected a shortfall in 1st quarter, but with projected revenues in 2nd quarter, we do not need a reserve transfer to cover that shortfall.

► Penalties and Fines – Decrease of \$3,000

- Decrease of \$2,000 for projected tax service fees revenue based on actuals to 2nd quarter.
- Decrease of \$1,000 in water account penalties for late payments based on actuals to 2nd quarter.

► **Provincial and Federal Grants Increase of \$11,084**

- increase of \$2,584 in Canada Community Building Fund (CCBF) over anticipated funding
- increase of \$8,500 related to New Horizons flow through grant – FCSS assisted the seniors in obtaining grant, expenditure will also flow through the town for the utilization of the grant. Grant will be used for help with seniors' lunch, Christmas event for seniors and Corn Hole Games

► **Rentals Decrease of \$36,375**

- decrease of \$36,075 because of less bookings due to delays in opening. Slab construction challenges with frost, contaminated soil, curb repairs, and drainage design
- decrease of \$300 in ball diamond rentals revenue based on actuals

1.) Bentley Arena Slab \$1,3580,000 plus GST **(Behind schedule but anticipate completion November 15, 2025)**

Project in process earthworks completed, ground thawing taking place and soil and pit run disposal underway. Drainage system designed and installed. Contaminated soil disposed of, insulation and heated floor installed, Currently in process of installing rebar, and cooling floor, next step is concrete pour scheduled for September 18, 2025.

Over budget by \$30,000 due to ground thawing, contaminated soil disposal, curb repairs and permitter slab full replacement instead of repair. Anticipate completion and skateable ice by November 15, 2025.

The Bentley Arena was constructed in 1965 and has been operating since it was open. The slab is original to the facility and had a partial replacement in 2007 for the end of the faceoff circle to the East end boards. The replacement slab is moving vertically up and down between 2" and 3" and has resulted in a crack opening in the slab along the line of movement as well as additional cracks forming throughout the slab. Additionally, the ice plant is original to the building and is in need of replacement for operational efficiency.

- Movement has resulted in uneven ice coverage which creates inefficient ice plant operation, additional operational time to repaint lines during the season and melting of ice during chinooks
- The project will replace the entire arena slab (ice plant has bene replaced in 2024)

4.) Ball Diamond chain link replacement (\$6,000)

(Completed Underbudget \$5,654.00 – funded via operating budget)

- Parks and Recreation supervisor has been engaging with minor ball regarding requested repairs to the fields and facilities. It was determined through that engagement that the backstops chain link on two of the ball diamonds needs to be replaced or repaired. When we spoke with the contractors regarding the diamonds, they had indicated that a repair would cost almost the same as a full replacement.
- one diamond backstop chain link will be replaced before the end of the year 2024 and the second diamond backstop chain link will be replaced in 2025
- P&R will also loosen the shale on the fields in the spring and replace and replenish as required

5.) AC Unit \$5,000 (Project not completed in 2025 as worked all summer, pushed to another year)

Not funded in 2025

The Town Office is in good shape with a newer roof, new gutters and downspouts from 2021 and fresh paint in the downstairs community room. Mechanical systems are also decent with a new hot water tank, and two newer furnace with one older furnace. The front windows and the side window were replaced in 2023.

In 2022, there were also several failures of the AC unit due to its age, we did not replace this unit in 2023 as it lasted through the summer. We budgeted in 2024 to replace the AC Unit, however with the heat wave, the Bentley Library was in dire need of cooling, so we repurposed our budget to the Library to install AC at the library in 2024. We believe that our AC Unit at the Town Office may fail at anytime as it is well past its life expectancy. We are carrying a budget for 2025 as we intend to undertake the replacement however we are carrying a budget allowance if the unit needs to be replaced in 2024.

QUESTIONS?

August 11, 2025

Mayor Greg Rathjen
Bentley, AB

Dear Mayor Rathjen,

Please find attached the quarterly Community Policing Report covering the period from April 1st to June 30th, 2025. This report provides a snapshot of human resources, financial data, and crime statistics for the Sylvan Lake Provincial RCMP Detachment

I would like to take this opportunity to introduce our new Commanding Officer, Deputy Commissioner Trevor Daroux. Many of you may be familiar with Deputy Commissioner Daroux as he was the Criminal Operations Officer in Alberta before taking on this new role. He believes all Alberta RCMP employees are empowered to lead, collaborate, and contribute at all levels, and knows that they are the strength of the service. Through collaboration and partnership with the communities we serve, Deputy Commissioner Daroux knows together we are supporting safer, stronger, and more connected communities across Alberta.

Deputy Commissioner Daroux has 37 years of policing experience and has also served with the Calgary Police Service. He has served as a Deputy Chief in Charge of the Bureau of Community Policing in Calgary, and as the Director General National Crime Prevention and Indigenous Policing Services for the RCMP, among many other operational and administrative roles. Deputy Commissioner Daroux is focused on continuing to build a modern, progressive police service – one that values innovation, embraces change, and reflects the diverse needs of Alberta.

Thank you for your ongoing support and engagement. As your Chief of Police for your community, please do not hesitate to contact me with any questions or concerns.

Best regards,

Staff Sergeant Jay Peden
Chief of Police

Fiscal Year

2025-26

Quarter

Q1 (April - June)

Community Priorities

Priority #1: Crime Reduction - Offender management, Court order compliance**Updates and Comments:**

During Q1 the members of the Sylvan Lake Detachment had completed 101 Light House checks. With the regular checks conducted there had been one criminal charge laid for Failing to Comply with a Court Release Order. Once again, the consistency of compliance checks has been a benefit in individuals following their release orders.

Priority #2: Motor Vehicle Traffic - Impaired driving, speeding, intersection safety**Updates and Comments:**

Q1 was a successful quarter for traffic enforcement in the Sylvan Lake Detachment area. 23 Impaired drivers were located and charged either criminally or under provincial sanctions. On May long weekend, check stops were conducted all 3 nights of the weekend, no impaired drivers were located as a result. However, members received very positive comments of motorists/community members encouraging members with their presence.

2 more members of the detachment were trained on laser/radar to add to the detachment's ability for speed enforcement. 138 violation tickets have been issued this quarter, of which 53 are speeding related. Also, of note 2 cellphone tickets and 4 suspended drivers were located this quarter adding to increased road safety.

Priority #3: Property - Rural Property Crime- thefts and Break and Enters

Updates and Comments:

Q1 there was a total of 17 calls for service for rural break and enters to either a residence, business, or cottage. Only 2 out of the 17 resulted in charges being laid. 15 were deemed insufficient evidence to proceed and 1 was unfounded. 8 out of 17 were break and enters were to lease sites where cooper wire was stolen. In all lease site occurrences, lack of CCTV was an issue. Oil companies have been reminded to update their CCTV on sites. All files reviewed appear to be scored correctly and have appropriate documentation.

Priority #4: Community Engagement - Communication, Youth Engagement, Increased Visibility

Updates and Comments:

Throughout Q1 the detachment members and management have been highly active in community engagement. From numerous visits to local schools, engagements with local municipal governments and Crime Watch events to local schools attending the detachment for tours, members are engaged in the community.

One notable event was a series of presentations to the local high school grade nine and ten classes by a detachment member in responses to an increase in violence amongst the youth. The detachment, members and communities continue to have a strong relationship which will continue to be maintained.

Priority #5: Member Wellness

Updates and Comments:

During Q1 the Sylvan Lake detachment holds monthly OH&S meetings where instances of impact on members and employees are reviewed and documented outcomes or changes to the work environment are implemented where required.

During the quarter there has been an increase in reporting events due to files/investigations being conducted where members are involved in higher risk or traumatic events. In the event of physical injury, medical treatment is continued to be monitored to determine the ability to work. These injuries range from injured joints, exposure to bodily fluids or drugs/substances. When occurring, management is notified and proper follow up is taking place.

Additionally, stress and psychological trauma is also being monitored and reported via OH&S documentation.

Where noted or required members are being provided supports for personal wellness. This includes professional resources, a check in, or referrals to Peer-to-peer programs.

HIGHLIGHTS OF THE REGULAR COUNCIL MEETING AUGUST 28, 2025

2024 MUNICIPAL INDICATORS

Council was provided with an overview of the 2024 Municipal Indicators results. In the 2024 reporting year, Lacombe County met or exceeded all indicators, except for *Investment and Infrastructure* and *Infrastructure Age*. The County is deemed “not at risk” according to the performance measures as set out by Alberta Municipal Affairs.

STAFF RETIREMENT POLICY REVISION

Council approved amendments to Policy AD(14) *Staff Retirement*. The updates include expanded employee eligibility and adjusted award amounts.

DUTIES OF COMMITTEES, COMMISSIONS & BOARDS POLICY REVISION

Council approved amendments to Policy CC(3) *Duties of Committees, Commissions & Boards*. The updates will come into effect at the 2025-2026 Lacombe County Organizational Meeting.

REGIONAL COLLABORATION COMMITTEE TERMS OF REFERENCE – CITY OF LACOMBE, TOWN OF BLACKFALDS & LACOMBE COUNTY

Council approved the Terms of Reference for a proposed Regional Collaboration Committee involving the City of Lacombe, Town of Blackfalds, and Lacombe County. The new committee, to be named the *North Blindman River Tri-Municipal Collaborative*, is intended to strengthen regional collaboration on issues of mutual interest and recommend areas for cooperation.

2026 OPERATIONS FLEET EQUIPMENT CAPITAL PURCHASES (2026)

The annual fleet evaluation and capital purchase process has identified a need to replace seven pieces of County equipment.

By resolution of Council, the County Manager was authorized to tender and award for the purchase of the seven pieces of equipment at an estimated cost of \$1,518,000 and to dispose of the existing units at an estimated trade-in or private sale value of \$221,000. The difference between the purchase of the new units and the sale of the old units, estimated at \$1,297,000, will be funded from the Fleet and Equipment Reserve.

UPGRADING OF ROADS TO SERVICE THE RESOURCE INDUSTRY POLICY REVISION

Council approved amendments to Policy OP(36) *Upgrading of Roads to Service the Resource Industry*. The updates include removing the *five years or less* wording regarding the life span of the coal bed methane wells and capping the maintenance security to \$50,000 per company.

EAGLE BUILDERS REQUEST TO PURCHASE COUNTY LAND

Council authorized the County Manager to negotiate and execute a land purchase agreement with Eagle Builders for approximately 121.9 m² (0.0301 acres) of a Lacombe County Public Utility Lot in the North Aspelund Industrial Park.

Public Open House/Information Session: Southeast Area Structure Plan

The Town of Bentley invites residents and property owners to a public Open House to discuss the proposed **Southeast Area Structure Plan**. The original ASP was approved by Lacombe County in late 2023, but now that the land has been annexed, the Town of Bentley is proposing to adopt the updated plan as its own. This meeting will provide an opportunity to review the proposed plan and discuss preferred land uses and development standards for the area.

This is the first step in the process to obtain community input. In addition, a statutory public hearing by Council is required before the Area Structure Plan can be formally adopted. This public hearing will occur at a future date once public input has been incorporated into the plan and council considers it for first reading.
